From: William R. Dunn
To: NVSBC Board

Subj: STATEMENT OF WILLIAM DUNN, PRESIDENT STRATEGIC RESILIENCE GROUP, LLC

I would be honored to serve the NVSBC board in any capacity. As a member, the NVSBC continues to provide me and my company with an exceptional service. It not only helped us begin our business but has also provided exceptional mentorship and leadership throughout our inception to present operations. When I think of the many outstanding aspects of the NVSBC the one that sticks out the greatest is the leadership the NVSBC brings to veterans and veteran businesses. The leadership we currently enjoy has been essential to our growth and our current operations. It has also ensured continue growth for the NVSBC by bringing in outstanding examples for new businesses to see and follow. This is where I see the importance of the board and future board membership. My vision is to provide the board and the NVSBC with continuing outstanding leadership. My experience of over 33 years in the USMC and as a President of a Small Business will provide added value to an already outstanding organization. Additionally, continued growth will be essential to the future of our organization. I will help focus on continued growth for the NVSBC.

Although there are many issues facing the members of the NVSBC one of the most important is maintaining our voice at the national level. This is our critical vulnerability. Without our voice and the ability to ensure the NVSBC is properly represented at the national level we can easily fall victim to well-funded and well represented big business. The loss of our voice will most likely result in a dissolution of competitiveness and a reduction in the abilities of small businesses to survive. The NVSBC has made incredible movement in making our voice heard and we must continue to push this effort. Failing to continue this effort could end with disastrous results for our organization.

The NVSBC is an outstanding organization for veterans and veteran businesses. Our strength is reliant on our members, our voice, and our leadership. I hope to be able to support the board on our continued growth and relevance at the national level.

W. R. Dunn
